

Portability without Compromise

Clarity. Convenience. Ease.

GlideScope® Go™ 2 is Verathon's second generation handheld video laryngoscope system. It delivers the confidence, clarity and ease-of-use of GlideScope®, your trusted brand of video laryngoscopes designed for first pass success¹ in a wide range of patients.

Go with Clarity

GlideScope Go 2 with Spectrum™ QC delivers a high-resolution image and enables clear airway views.

- Clear visualization on a scratch-resistant 3.5" Corning® Gorilla® Glass² screen
- Enhanced image quality with a wider field of view to see more

Go with Convenience

Get the confidence of GlideScope wherever and whenever you need it. Compact and durable, GlideScope Go 2 moves with you.

- Accessible and ready on demand for routine and difficult airways
- Spectrum QC blades are interchangeable with GlideScope Core and Go 2 for standardization throughout your organization

Go with Ease

GlideScope Go 2 includes intuitive, easy-to-use features along with the reliable GlideScope technology that you know and trust.

- Easily click together Go 2 with Spectrum QC or Video Baton QC Large with magnetic QuickConnect™ technology
- Customize your device settings using the intuitive touchscreen design
